1.866.TEENLINK(833.6546)

TEEN LINK BEGAN IN 1996, IN MEMORY OF AUDRA LETNES. AUDRA WAS ONLY 16 WHEN SHE WAS MURDERED BY HER BOYFRIEND AFTER SUFFERING HIS ABUSE FOR OVER A YEAR.

HER MOTHER, A CRISIS CLINIC (NOW CRISIS CONNECTIONS) EMPLOYEE, BECAME AWARE OF THE ABUSE AND TRIED TO FIND HELP FOR HER DAUGHTER.

UNFORTUNATELY, AUDRA HAD DIFFICULTY CONNECTING WITH ADULT-ORIENTED SERVICES THAT WERE AVAILABLE TO HER AT THE TIME. LIKE SO MANY YOUNG PEOPLE, AUDRA STRUGGLED WITH OPENING UP IN THE ADULT-LED PROGRAMS THAT WERE AVAILABLE, AND THERE WERE NO PEER-TO-PEER SUPPORT SERVICES FOR TEENS BY TEENS THAT SHE COULD ACCESS.

BECAUSE SHE WORKED WITH CRISIS LINES, AUDRA'S MOTHER KNEW THE POWER OF MAKING JUST ONE MEANINGFUL CONNECTION WITH A STRANGER IN NEED. SHE WANTED TO CREATE A PROGRAM TO HELP PREVENT SIMILAR TRAGEDIES FROM HAPPENING TO OTHER CHILDREN IN THE FUTURE. SHE WORKED WITH CRISIS CONNECTIONS TO DEVELOP THE TEEN LINK PROGRAM AND HELP LINE, A SAFE PLACE FOR ANY YOUNG PERSON TO CONNECT WITH A PEER FOR EMOTIONAL SUPPORT AND COMMUNITY RESOURCES TO HELP WITH WHATEVER COMES UP IN THEIR LIVES. TODAY, TEEN LINK CONTINUES TO OPERATE THIS HELP LINE FOR YOUNG PEOPLE THROUGHOUT WASHINGTON, TAKING CALLS, TEXTS, AND CHATS FROM TEENS IN NEED OF SUPPORT.

Where to Turn for Teens (WTTFT) is a resource guide that was created specifically for youth who are seeking personal empowerment with the support of others. The agencies listed provide a wide variety of services. The goal of WTTFT is to make sure teens are aware of the many youth-friendly resources that exist to serve their unique needs.

Using Your WTTFT Guide:

There are two ways to look up information in WTTFT—the Table of Contents and the Index. The Table of Contents is helpful if you know the type of services you are seeking. If you already know the name of the agency, using the alphabetically-arranged Index can be quicker.

You will find a symbol next to each agency name. The symbol designates the region the agency serves as follows:

- 📍 King County
- 📍 Snohomish County
- 📍 Pierce County
- 📍 All of Washington State

Tips for Dealing with Agencies/Organizations:

Before calling agencies, it is a good idea to have a list of questions that you hope to have answered. Some important questions to ask are:

- What area do you serve?
- When are you open?
- Where are you located?
- Do I need parental consent?
- Is there a cost for your services?
- What is the availability and accessibility of resources?

A Note on COVID-19:

All resources we've listed were up to date as of June 2020. However, public health orders to limit non-essential services have caused many programs to close or be put on hold. It is best to call each resource to clarify which services are currently available.

Transportation: If you do not have transportation available to get to appointments and are enrolled in Apple Health in Washington State, you may qualify for free non-emergency transportation services. Find more information for your area here:

www.hca.wa.gov/health-care-services-supports/apple-health-medicaid-coverage/transportation-services-non-emergency

Translation Services: If you prefer to receive services in a language other than English, look for the (🇺🇸) symbol indicating the agency provides translation. If you are enrolled in Apple Health, you can also visit the Health Care Authority website to arrange services for medical appointments:

www.hca.wa.gov/about-hca/interpreter-services

There is a **Notes** section at the back of the book where you can write the name of the person you spoke with and any information you receive.

If you reach voicemail, speak slowly and clearly when leaving a message. Be sure to include your full name, phone number, and a brief explanation of your questions/concerns.

If this feels overwhelming and you're not sure where to start, call us at Teen Link and we can help you navigate the process. You don't have to do it alone!

(To access the Spanish version of Where To Turn For Teens, close the booklet, and flip it over. The Spanish version is still read from left to right.)

Teen Link Help Line 1.866.TEENLINK (1.866.833.6546)

Teen Link is a confidential, non-judgmental telephone help line answered by teens each evening from 6-10pm. Teen volunteers are trained to listen to your concerns and talk with you about whatever is on your mind. No issue is too big or too small. Phone workers also have access to an extensive database of resources and can give you information on agencies serving youth in Washington State, as well as how to choose which one to use. After hours, callers have the option of talking to the WA Recovery Help Line, King County Crisis Line, or leaving a message on the Teen Link voicemail. When leaving a message, please include your name, phone number, and information about your concerns. To respect confidentiality, Teen Link phone workers will not leave a message when calling back unless you specify that it is okay to do so.

Teen Link Chat & Text

In addition to our telephone help line, Teen Link offers Teen Link Chat through our website at www.teenlink.org and Teen Link Text by texting **1.866.833.6546**. Much like the phone line, teens can use Teen Link Chat and Text to seek support from our teen volunteers on a variety of issues, including bullying, drug and alcohol concerns, relationships, stress, and other issues. Teen Link accepts chats and texts from 6-9:30pm every day of the week. Teen Link Chat works best on a computer.

Our staff are able to assist callers with strategies to prevent teen drug use, access to drug education materials, referrals to treatment, organizing outreach, drug education clinics, and more. To reach us, simply call or text **1.866.833.6546** or chat by going to www.teenlink.org and clicking on the “Chat” page.

WA Recovery Help Line

As part of the Washington Recovery Line, the Teen Link Substance Use Prevention Line provides support to youth and adults across Washington State who have questions about substance abuse, problem gambling, or mental health. Call them at **1.866.789.1511** or see the “Alcohol, Drugs, & Substance Use” section for more information.

Suicide Prevention Training for Students

Crisis Connections offers this training in King County and surrounding areas by qualified trainers. It includes information on youth suicide and an overview of local resources. These trainings help teens identify warning signs, talk directly about suicide, and support themselves and others who may be dealing with a mental health challenge. Students are encouraged to talk openly about stress, coping, depression, and suicidal behavior. To schedule a training or get more information, please call Crisis Connections at **206.204.9520**. These trainings can also be delivered virtually.

DID YOU KNOW THAT OVER 20% OF TEENS IN THE U.S. GET PREGNANT AT LEAST ONCE BY THE AGE OF 20. MANY OF THESE PREGNANCIES ARE UNPLANNED, BEARING HEALTH AND SOCIOECONOMIC RISKS FOR TEENS AND THEIR COMMUNITIES.

Birth Control & Pregnancy

You are the only person who gets to decide when you are ready to become sexually active. Being proactive with your partner in discussing birth control and sexual health is an important part of a safe and healthy relationship. If you think you may be pregnant, it's important to make an appointment to get tested by a health care professional as home pregnancy kits are not always accurate. In Washington State, minors of any age do not need a parent or legal guardian's permission to access birth control or pregnancy or abortion related services. If you are pregnant, seek emotional support from someone you trust, and talk with a medical professional about your options.

STI (Sexually Transmitted Infection) Testing, Treatment, and Information

Many teens may be unaware of the dangers associated with sexually transmitted infections (STIs) and how to prevent or identify them. Talking with your partner about STIs and getting testing regularly are important parts of being sexually active. Myths exist regarding all STIs, so it is important to learn the facts before potentially putting yourself and others at risk. In Washington State, teens 14 years and older do not need a parent or legal guardian’s permission to receive STI testing or treatment.

DID YOU KNOW THAT THERE ARE ALMOST TWO SUICIDE DEATHS EVERY WEEK FOR PEOPLE UNDER THE AGE OF 19 IN WASHINGTON STATE.

~WA DEPARTMENT OF HEALTH

Suicide - Warning Signs for Suicide Include:

- Changes in eating and sleeping patterns
- Dropping hints, talking about suicide, or making a plan
- Talking about feeling hopeless, trapped, or like a burden
- Withdrawing or isolating from close friends and family
- Giving away prized possessions
- Being very obsessive and perfectionistic
- Acting anxious or agitated
- Engaging in risky behaviors (driving recklessly, increased substance use, etc.)

Consider The Following Questions To Help You Determine The Urgency:

1. How many warning signs are present?
2. How long have the warning signs been present?
3. How extreme or severe are the warning signs?

If you are concerned that you or someone you know may be suicidal, it is important to address the situation immediately. Mentioning suicide will not give the person the idea or push them over the edge. They may feel relieved that someone is willing to talk about what they're thinking and feeling. Sharing your concerns can prevent a suicide attempt from occurring and can save a life.

How To Help - Step One Is A Great Way To Ask About Any Issue

1. Show you care
 - Talk to the person you are concerned about in a caring manner
 - Be specific about the warning signs you have noticed
 - Listen without judgement suicide & self-harm (nonsuicidal self-injury)

2. Ask the question directly
 - "Are you thinking about suicide/killing yourself?"
3. Talk to an adult you trust
 - It is important that you do not keep this secret for someone. If someone is talking about being suicidal, they are asking for help.

These are some initial steps toward ongoing mental health care. Every situation regarding suicide is different. Call Teen Link @ **1.866.833.6546** to talk to a trained phone worker in more detail about how to get help. Self-Harm (Nonsuicidal Self-Injury)

Some people experiencing mental challenges such as depression or anxiety turn to self-harm as a way of releasing and managing emotions. In most cases, these actions are not done as suicide attempts but as coping methods for people to help manage the mental pain they are feeling. Some people self-harm to numb their feelings while others may harm themselves to feel something. Cutting, scratching, and burning are common ways people will harm themselves, but self-harm includes any intentional act that a person does to hurt their body. Finding alternatives to self-harm can be challenging, but journaling about the emotions and events that lead to the behaviors can help a person understand why they do it, what other activities could help satisfy those emotional needs, and how to talk to someone about getting support. Creative outlets like drawing and painting can also be helpful ways of expressing and describing feelings.

When talking to someone about self-harm, it's important to stay focused on the harmful behavior itself and not jump to conclusions about suicide. For example, it is more beneficial to ask about what specific actions and events trigger their urges to self-harm than to ask if they harm themselves because they're suicidal. If you have any questions or concerns about self-harm, give us a call or text at **1.866.833.6546**.

DID YOU KNOW THAT IN SOME STATES, "MALTREATMENT" REFERS TO NEGLECT AND ABANDONMENT AND TERM "ABUSE" IS USED FOR ACTS THAT CAUSE INJURY.

Approximately 5 children die every day due to abuse. Individuals under 18 are at an increased risk of experiencing abuse and maltreatment when parental/guardian relationships are unhealthy as well as when people with substance use and/or psychological disorders are a part of home life. Abuse and maltreatment of a minor is classified as increased behavior towards a minor that entails substantial risk of causing harm to one's person.

There are four primary types of child abuse:

- Physical abuse
- Emotional/Psychological abuse
- Sexual abuse
- Neglect

Neglect is the most common form of child abuse, accounting for more than 75% of all cases of child maltreatment. Neglect is also one of the most difficult forms to evidence of and respond to. No minor deserves to experience abuse or maltreatment.

WHEN BYSTANDERS INTERVENE ON BEHALF OF SOMEONE BEING BULLIED AT SCHOOL, THE BULLYING STOPS OVER 50% OF THE TIME.

-STOPBULLYING.GOV

Bullying is harmful behavior that not only hurts people in the present but can also have long-lasting, negative effects on everyone involved. About 20% of students report experiencing bullying or feeling unsafe at schools in Washington State. Cyberbullying can worsen these problems as bullies can antagonize their victims outside of school and anonymously. As of January 2020, Washington State law prohibits electronic, written, verbal, or physical acts of harassment, intimidation, and bullying (HIB) in schools that do one or more of the following:

- Physically harm a student or damage the student's property
- Have the effect of substantially interfering with a student's education
- Are so severe, persistent or pervasive that they create an intimidating or threatening educational environment
- Have the effect of substantially disrupting the orderly operation of the school

Schools in Washington State are required to create and follow procedures that will intervene on behalf of students who are experiencing bullying, so you can always start by speaking with a teacher, counselor, or administrator at your school. If you don't feel comfortable talking about it at school, give us a call at **1.866.833.6546** to connect with another teen or check out the resources below.

DID YOU KNOW THAT EVERY 73 SECONDS, AN AMERICAN IS SEXUALLY ASSAULTED.

-R.A.I.N.N

It is important to know that experiencing rape and/or sexual harassment/assault is not the fault of the survivor. There are many emotions and steps that accompany rape or sexual assault. Due to the often aggressive nature of the experience and the potential for sexually transmitted infections (STIs) or pregnancy, it is important for a survivor to follow up with the emergency department at their local hospital with 72 hours. To help the survivor navigate their options, such as evidence collection and more, a social worker will often be involved at the hospital. To provide the best evidence collection, the survivor should avoid showering or changing clothes prior to being cleaned. You do not have to do any part of the exam you do not want. Additionally, the doctor can discuss medications that are available to reduce the chances of contracting an STI or getting pregnant. If the survivor is under the age of 18, the law requires the police to be notified. However, going to the hospital and submitting a report do not necessarily mean that charges must be filed against the perpetrator or that participation in a legal case are required. Counselors at the hospital or at the above agencies can talk about available alternatives and help the survivor decide what the best choice is for them.

SABÍAS: CADA 73 SEGUNDOS, UN ESTADOUNIDENSE ES AGREDIDO SEXUALMENTE.

-R.A.I.N.N

Es importante saber que el experimentar una violación y/o acoso sexual no es la culpa del sobreviviente. Hay muchas emociones y pasos que acompañan a la violación o al acoso sexual. Debido a la naturaleza agresiva a menudo de la experiencia y el potencial de las infecciones transmitidas sexualmente (STIs) o de embarazo, es importante para el sobreviviente hacer un seguimiento con el departamento de urgencias de su hospital local dentro de 72 horas. Para ayudar al sobreviviente navegar las opciones, tales como la colección de la evidencia y más, un trabajador social seguramente estará involucrado en el hospital. Para proveer la mejor colección de evidencia, el sobreviviente deberá evitar bañarse o cambiarse de ropa antes de ser limpiado. No tienes que hacer ninguna parte del examen que no quieras.

Adicionalmente, el médico puede discutir medicamentos que están disponibles para reducir las oportunidades de contraer un STI o quedar embarazada. Si el sobreviviente tiene la edad menor que los 18, la ley requiere que la policía sea notificada. Sin embargo, yendo al hospital y presentar un reporte no necesariamente significa que los cargos deben ser archivados en contra del perpetrador o que la participación en un caso legal es requerido. Consejeros en el hospital o en las agencias arriba pueden hablar sobre alternativas disponibles y ayudar al sobreviviente decidir cuál es la mejor opción para ellos.

CUANDO LOS ESPECTADORES INTERVIENEN DE PARTE DE ALGUIEN QUE ESTÁ SIENDO INTIMIDADO EN LA ESCUELA, EL BULLYING SE DETIENE MÁS DEL 50% DEL TIEMPO?

~ STOPBULLYING.GOV

El acoso es comportamiento dañino que no solo le duele a la gente en el presente pero también puede tener efectos negativos duraderos sobre todos los que están involucrados. Aproximadamente el 20% de los estudiantes reportan haber experimentado bullying o sentirse inseguros en las escuelas en el estado de Washington. El acoso cibernético puede empeorar estos problemas ya que los matones pueden antagonizar a sus víctimas fuera de la escuela y anónimamente. A partir de enero del 2020, la ley del estado de Washington prohíbe actos de acoso electrónicos, escritos, verbales o actos físicos de acoso, intimidación, y bullying (HIB) en las escuelas que hagan uno o más de lo siguiente:

- Daño físico al estudiante o daño a la propiedad del estudiante
- Tener el efecto de interferir sustancialmente con la educación del estudiante
- Es tan severo, persistente o penetrante que ellos crean un ambiente intimidante o amenazador
- Tiene el efecto de interrumpir sustancialmente la operación de orden de la escuela

Las escuelas en el estado de Washington están requeridas a crear y seguir procedimientos que intervendrán de parte de los estudiantes que están experimentado el acoso, así que tu siempre puedes empezar a hablar con un profesor, consejero, o administrador en la escuela. Si no te sientes cómodo hablando de ello en la escuela, danos una llamada al **1.866.833.6546** para conectarte con otro joven o fijate en los recursos abajo.

Daño A Uno Mismo (Autolesión No-Suicida)

Algunas personas que experimentan desafíos mentales tales como la depresión o la ansiedad, recurren a la autolesión como manera de dejar ir y administrar emociones. En la mayoría de los casos, estas acciones no son hechas como intentos de suicidio sino como métodos de hacer frente para ayudar a las personas a administrar su dolor mental que están sintiendo. Algunas personas se autolesionan para adormecer sus sentimientos mientras otros quizás se autolesionan para sentir algo. El cortarse, rasguñarse, y el quemarse son maneras comunes que las personas se auto lesionan, pero el daño a uno mismo incluye un acto intencional que la persona hace para dañarse el cuerpo. El encontrar alternativas al autolesión puede ser desafiante, pero el escribir sobre las emociones y los eventos que llevan a los comportamientos puede ayudar a la persona a entender el por qué lo hacen, qué otras actividades les pudieran ayudar a satisfacer sus necesidades emocionales, y cómo hablar con alguien acerca de obtener apoyo. Salidas creativas como el dibujar y el pintar pueden también ser maneras ayudadoras de expresión y descripción de los sentimientos. Al hablar con alguien sobre la autolesión, es importante mantenerse enfocado en el mismo comportamiento dañino y no brincar a conclusiones sobre el suicidio. Por ejemplo, es muy beneficioso preguntar sobre qué acciones y eventos específicos provocan el impulso a la autolesión que el preguntar si se dañan a ellos mismos porque están suicidas. Si tienes preguntas o preocupaciones sobre la autolesión, danos una llamada al **1.866.833.6546**.

- Dejando pistas, hablando sobre el suicidio, o haciendo un plan
- Hablando del sentirse desesperanzados, atrapados, o como una carga
- Retirándose o aislandose de amigos cercanos y la familia
- Regalando las posesiones preciadas
- Siendo muy obsesivo y perfeccionista
- Actuando ansioso o agitado
- Participando en comportamientos riesgosos (manejando atrabancado, aumentando el uso de sustancias, etc.)

Considera Las Sigüientes Preguntas Para Ayudarte A Determinar La Urgencia:

1. ¿Cuántas señales de advertencia están presentes?
 2. ¿Cuánto tiempo han estado las señales de advertencia presentes?
 3. ¿Qué tan extremas o severas son las señales de advertencia?
- Si estás preocupado que tu o alguien quien tu conoces pudiera ser suicida, es importante abordar la situación inmediatamente. Mencionando el suicidio no le va a dar la idea a la persona o empujarlo a lanzarse al precipicio. Ellos se pudieran sentir aliviados de que alguien esté dispuesto a hablar sobre lo que están pensando y sintiendo. Compartiendo tus preocupaciones puede prevenir un intento de suicidio de ocurrir y puede salvar una vida.

Cómo Ayudar – El Paso Uno Es Una Gran Manera De Preguntar Sobre Cualquier Problema

1. Muestra que te importa
 - Habla con la persona con la cual te preocupa en una manera cariñosa

- Se especificó sobre las señales de advertencia que has notado
- Escucha sin hacer juicio
- 2. Haz la pregunta directamente
- “¿Estás pensando en suicidarte/matarte a ti mismo?”
- 3. Habla con un adulto de confianza

Estos son unos pasos iniciales hacia el cuidado de salud mental continuo. Cada situación con respecto al suicidio es diferente. Llama a Teen Link @ **1.866.833.6546** para hablar con un trabajador telefónico entrenado en más detalle para conseguir ayuda. TEEN LINK COMENZÓ EN 1996, EN MEMORIA DE AUDRA LETNES. AUDRA SOLO TENÍA 16 CUANDO ELLA FUE ASESINADA POR SU NOVIO DESPUÉS DE SUFRIR SU ABUSO POR MÁS DE UN AÑO. SU MADRE, UNA EMPLEADA EN ESE TIEMPO DE CRISIS CLINIC (AHORA CONNECTIONS), SE DIO CUENTA DEL ABUSO Y TRATO DE ENCONTRAR AYUDA PARA SU HIJA. DESAFORTUNADAMENTE, AUDRA TUVO DIFICULTAD CONECTÁNDOSE CON SERVICIOS ORIENTADOS PARA ADULTOS QUE FUESEN DISPONIBLE A ELLA EN ESA ÉPOCA. COMO TANTA GENTE JOVEN, AUDRA LUCHÓ PARA COMPARTIR EN LOS PROGRAMAS DISPONIBLES QUE FUERON GUIADOS POR ADULTOS, Y NO HABÍA SERVICIOS DE APOYO DE COMPAÑERO A COMPAÑERO POR JOVENES PARA JOVENES QUE ELLA PUDIERA ACCEDER.

YA QUE ELLA TRABAJABA CON LÍNEAS DE CRISIS, LA MADRE DE AUDRA SABÍA DEL PODER AL HACER SOLO UNA CONEXIÓN SIGNIFICATIVA CON UN EXTRAÑO EN NECESIDAD. QUERÍA CREAR UN PROGRAMA PARA AYUDAR A PREVENIR TRAGEDIAS SIMILARES A QUE OCURRIEREN CON OTROS NIÑOS EN EL FUTURO. ELLA TRABAJÓ CON CRISIS CONNECTIONS PARA DESARROLLAR EL PROGRAMA Y LÍNEA DE AYUDA TEEN LINK, UN LUGAR SEGURO PARA CUALQUIER PERSONA JOVEN PARA CONECTARSE CON UN COMPAÑERO PARA APOYO EMOCIONAL Y RECURSOS DE LA COMUNIDAD PARA AYUDAR CON CUALQUIER COSA QUE SE VENGA EN SUS VIDAS. HOY, TEEN LINK CONTINÚA OPERANDO ESTA LÍNEA DE AYUDA PARA PERSONAS JÓVENES EN TODO WASHINGTON, TOMANDO LLAMADAS, TEXTOS, Y CHARLAS DE JÓVENES EN NECESIDAD DE APOYO.

A donde ir para jóvenes (WTTFT siglas en inglés) es un a guía de recurso que fue específicamente creado para jóvenes que estén en la búsqueda de empoderamiento personal con el apoyo de otros. Las agencias listadas proveen una gran variedad de servicios. La meta de WTTFT es de asegurarse que los jóvenes sean conscientes de los muchos recursos amigables para los jóvenes que existen para servir sus necesidades únicas.

Usando tu Guía WTTFT:

Hay dos maneras de buscar información en WTTFT—la Tabla de Contenidos y el Índice. La Tabla de Contenidos es de ayuda si sabes cual tipo de servicios estas buscando. Si ya sabes el nombre de la agencia, usando el Índice que esta arreglada de manera alfabética puede ser más rápido. Vas a encontrar un símbolo al lado del nombre de cada agencia. El símbolo designa la región donde la agencia sirve a continuación:

- 📍 Condado de King 📍 Condado de Snohomish
- 📍 Condado de Pierce 📍 Todo el estado Washington

Consejos para Lidiar con Agencias/Organizaciones:

Antes de llamar a las agencias, es una buena idea tener una lista de preguntas que esperas que te respondan. Algunas preguntas importantes para preguntar son:

- ¿Cuál area sirven?
- ¿Cuándo están abiertos?
- ¿Dónde están localizados?
- ¿Necesito el consentimiento paternal?
- ¿Hay algún cobro por sus servicios?
- ¿Disponibilidad y accesibilidad de los recursos?

Una Nota de COVID-19:

Todos los recursos que hemos listado estan al dia a partir de junio 2020. Sin embargo, las órdenes de salud pública para limitar servicios no- esenciales han causado muchos programas a cerrar o estar en espera. Es mejor hablarle a cada recurso para
